

## PHOTO/VIDEO RELEASE FORM

We know that it is very difficult for parents/guardians to leave their children in the care of others. We are very proud of the caring and nurturing environment that is provided at Close to Home and want parents to have that "Peace of Mind" and comfort knowing that their children are well cared for in an educational and loving environment. We are excited and happy to be able to provide a higher level of care for your child by being an "On-Line" Center. In order to be an "On-Line" Childcare center, permission has to be obtained from the parents/guardians and children (if applicable). For purposes outlined in the parent handbook, those persons who enroll their children are considered the primary caregiver and permission is restricted to that person.

Access to systems will be security encrypted and provided to only those families enrolled at Close to Home Childcare Center(s). Technical information is available through providers of this service. Close to Home will adhere to all privacy statements and regulations as outlined in licensing operations.

Please complete and return this form to Close to Home Childcare Center.

I hereby give permission for images of my child, captured during regular and special activities through video, photo and digital camera, to be used solely for the purposes of Close to Home material and publications, and waive any rights of compensation or ownership thereto.
